

To all bridal couples:

Welcome to Dynasty Dance Clubs & congratulations on your upcoming nuptials!!

Let your first dance as husband and wife set the tone and get the party started. Make an outstanding first and lasting impression on family and friends. A time-honored tradition, your wedding dance symbolizes your lasting bond.

One of the important social events of your wedding day, your first dance needs planning, preparation and practice. Learning to dance for your wedding can be a fun and rewarding experience. The perfect stress reliever, dance lessons offer you an opportunity for exercise, while bringing you closer together before the big day.

A Few Tips To Help You Get It Right...

Start four to six months early. This allows more time to practice together and build knowledge and confidence, especially if you are a newcomer.

Bring a recording of your special song. We'll work on it until you develop complete familiarity with it. We either help you get comfortable improvising, or choreograph a special routine for your big day.

Coordinate your dance with your videographer. You will get the best coverage of your dance, and the ability to watch it for years to come. When you watch the video you will be amazed at the difference your dance lessons made!

Practice in similar shoes and heel height you will be dancing in at the wedding! If you are wearing a long dress, practice in a long skirt. We want you to feel the most comfortable and prepared when you walk out for your first dance as husband and wife!

For the Bridal Party

Get more out of your wedding by starting everyone's excitement early! In addition to private lessons for the wedding couple, we offer lessons for the wedding party! You'll find dance classes are a great way for family and friends to develop closer relationships in a warm and upbeat atmosphere. Having a father-daughter dance? A mother-son dance? Get your parents into the studio so that everyone feels prepared! Special complimentary dance lesson for your guests!

Options for the wedding party:

- Bride and Groom Introductory Lesson \$15
- Father/Daughter & Mother/Son Dance Consultation & Lesson \$20
- Wedding Party Group Class \$35
- Parents of the Bride or Groom Introductory Lesson \$15
